Dear Mr. Tirollo

On February 22, 2001, the Department of Environmental Services, Waste Management Division (DES) conducted an inspection of Technical Research and Manufacturing, Inc. (TRM) located at 280 South River Road, Bedford, New Hampshire. The purpose of the inspection was to determine TRM's compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, TRM was issued Letter of Deficiency No. WMD 02-34 (LOD). Based upon a review of TRM's submittal, DES has determined that your facility has corrected the deficiencies identified in the LOD.

Please be advised that DES will continue to monitor TRM's compliance status through record reviews and on-site inspections.

If you have any questions regarding this letter, please contact the lead inspector, Tod G Leedberg, or John J. Duclos, Supervisor of the Hazardous Waste Compliance Section at (603) 271-2942. Thank you for your cooperation.

Sincerely,

Kenneth W. Marschner, Administrator  
Waste Management Programs  
Waste Management Division
